About Us

Nord Energy Limited is a registered energy trading company based in Nairobi, Kenya, operating under the Laws of Kenya. We specialize in the import and export of high-quality petroleum products across Eastern Africa.

Our Story

Founded by a team of seasoned professionals with extensive experience in the petroleum industry, Nord Energy was established with a clear mission: to deliver reliable, sustainable, and top-tier fuel solutions to the region and beyond.

What We Do

We are trusted distributors of premium PMS (petrol), diesel, and other petroleum products, serving the Eastern Africa Region. Our operations bring global standards to local markets, ensuring sustainability and consistency in every transaction.

Our Expertise

Nord Energy serves a diverse range of sectors, including:

- Transport & Logistics
- Manufacturing

Our Purpose (Vision + Mission)

To become a leading force in Africa's energy sector by expanding our footprint across the continent and positioning ourselves as a trusted partner in petroleum logistics and wholesale fuel supply.

Our Commitment

Built on three pillars:

Safety — strict adherence to international safety standards.

Efficiency — timely, seamless service delivery.

Customer Satisfaction — supporting uninterrupted business operations.

Our Services

Reliable Energy Logistics Across East and Central Africa

Fuel
Transportation

Wholesale
Supply of
Petroleum & Diesel

Containerized
Cargo Transport

Fuel Transportation Services

Secure, cross-border transportation of petroleum and diesel to: Sudan, South Sudan, Uganda, Rwanda, and the DRC.

Wholesale Supply of Petroleum & Diesel

Bulk supply for industrial businesses, distributors, and retail stations, with competitive pricing and dependable account support.

Containerized Cargo Transport

Dedicated fleet for containerized cargo, primarily to Uganda — machinery, goods, or specialized cargo.

Our Fleet

We operate a robust, modern fleet to support our logistics operations:

Fuel Trucks

- 30+ modern fuel tankers
- Equipped with advanced safety and monitoring systems
- Operated by certified professional drivers
- Regularly maintained for maximum performance and safety

Our fleet is built to handle rough terrains, long-distance and cross border logistics with the highest standards of safety and operational excellence.

Fuel Transportation

At Nord Energy Limited, we specialize in the transportation and wholesale supply of petroleum and diesel across Kenya and the wider East and Central African region. With a solid reputation for reliability, safety, and professionalism, we act as a vital logistics partner for businesses in a range of industries.

Fuel Transportation Services

Nearly 35 modern trucks equipped with safety systems, operated by highly trained professional drivers who prioritize the integrity of every consignment. We provide cross-border fuel transportation services to Sudan, South Sudan, Uganda, Rwanda, and the Democratic Republic of Congo.

Containerized Cargo

In addition to fuel logistics, Nord Energy Limited also offers reliable transportation of containerized cargo, primarily to Uganda, using a dedicated fleet of 6 specialized trucks.

Our Policies

Health, Safety, Environment, and Quality (HSEQ) Standards

At Nord Energy, safety is not just a policy — it's a culture.

Key Focus Areas:

Environmental Protection — responsible waste management, spill prevention, emissions control.

Worker Safety & Well-being — regular training, fatigue management, health prioritization.

Operational Excellence — reducing downtime, ensuring product quality, and minimizing accidents.

Risk Reduction — proactive hazard identification and mitigation, especially in high-risk routes.

Safety Management Components:

Driver & staff training (defensive driving, emergency response, hazard communication, first aid, firefighting).

Fleet safety protocols (pre/post-trip checks, GPS tracking, preventive maintenance).

Incident reporting (real-time logging, root cause analysis, transparent learning).
